The **CAPG LinkedIn Page** is now official and Active!

Corporate Associates were invited **to follow and like our page [CAPG LinkedIn](#)** to stay connected with the latest updates, insights, and initiatives from CAPG.

***An email has been shared with all Corporate Associates inviting them to follow and like CAPG official LinkedIn page.***

The screenshot shows the LinkedIn profile page for the ISSMGE Corporate Associate Presidential Group (CAPG). The header features the CAPG logo, which includes a stylized globe icon and the text 'ISSMGE CAPG'. Below the header, the page title is 'ISSMGE Corporate Associate Presidential Group (CAPG) Engineering Services'. A brief description follows: 'Connecting geotechnical industry leaders to advance innovation, collaboration, and global best practices.' A 'Follow' button is visible on the left.

### About us

The Corporate Associate Presidential Group (CAPG) was founded in 2011 under the initiative of ISSMGE President Prof. Jean-Louis Briaud. Since its inception, CAPG has become the dedicated platform within ISSMGE that connects corporate associates, practitioners, and academics to advance geotechnical engineering worldwide. Our mission is to foster collaboration between industry and academia, promote technical excellence, and ensure the latest research is translated into practical applications that benefit infrastructure development and society. CAPG provides a unique forum where geotechnical professionals can share experiences, exchange knowledge, and highlight innovation in the field. What we do: - Organize panel discussions, workshops, and surveys on critical geotechnical issues (e.g., overdesign, sustainability, innovations). - Facilitate participation in international conferences and ISSMGE initiatives such as the Virtual Time Capsule and the Heritage Time Capsule. - Offer Corporate Associates the opportunity to present their expertise, showcase outstanding projects, and engage directly with global leaders in the profession. - Support technical platforms that drive innovation and address pressing challenges in geotechnical engineering. Member Benefits: - Visibility through ISSMGE's website, Bulletin, and Journal of Case History. - Opportunities to present and publish technical insights and project highlights. - Networking with leading experts, companies, and academics worldwide. - Active involvement in shaping the direction of the geotechnical industry. Our Vision: To strengthen the global geotechnical community by bridging the gap between research and practice, promoting innovation, and recognizing the valuable contributions of our members.

## CAPG Marketing Campaign

The **CAPG Marketing Campaign Launch** was done through multiple channels implemented across several channels:

- **National Societies:** Letters were sent to Geotechnical Societies requesting that they contact geotechnical companies in their regions—including consultants, designers, contractors, manufacturers, suppliers, and software developers—and invite them to join the ISSMGE Corporate Associates Presidential Group.
- **GeoWorld/GeoEngineer:** A similar invitation was circulated and broadcast to all geotechnical companies registered in the GeoWorld and/or GeoEngineer databases around mid December.
- **Online Channels:** Ongoing Invitations were shared through CAPG's LinkedIn page, the ISSMGE News page, and GeoWorld's News page.
- **Direct Contacts, Member Engagement:** One-on-one emails from CAPG team were sent to more than 200 companies, with outreach reaching over 600 individual contacts across these organizations during the week of 8–12 December 2025. Monitoring of traffic trends for the CAPG website from December 1 to January 5, with the page views shown in the next slides, explains the spike in views observed during this period. Reminders have been sent in mid-January 2026.

Dear Mr. Miller,

We are pleased to extend a personal invitation to your organization to join the **Corporate Associates Presidential Group (CAPG)** of the **International Society for Soil Mechanics and Geotechnical Engineering (ISSMGE)** — the world's premier platform for geotechnical professionals and industry leaders.

As a CAPG member, Corporate Associates gain:

- Global Visibility, by Showcasing their brand on an international stage.
- Direct Access, by Engaging with a network of top geotechnical experts, companies, and research and industry stakeholders.
- Industry Influence, by Participating in strategic discussions that shape the future of our field

With benefits ranging from enhanced promotion on ISSMGE platforms to the opportunity to highlight flagship projects, CAPG membership offers unparalleled value.

To join, the online process is simple:

CAPG Chair introduction and overview

### **Current Status**

*Presentation Development Phase February 2026*

### **Confirmed Contributing Associations (CAs) & Projects**

1. **GDS** – Instrumented Bi-Directional Static Load Testing on Large-Diameter Hand-Dug Caissons using Distributed Fiber Optic Sensing
2. **HUESKER** – Geosynthetic-Encased Column System for the Second Niger River Bridge Project, Nigeria
3. **Menard & SRK** – Eraring Tailings Dam Stabilisation Project
4. **UTS** – Tyre Cell Track Foundation System
5. **Tensar** – Geogrid-Stabilised Piling Platform Achieving 75% Carbon Reduction (Sustainability Theme)

### **Next Step**

Shortlisted projects invited to develop and submit detailed presentations for review and feedback.

### **Final Stage – [ICSMGE 2026 \(June\)](#)**

Live presentation of selected projects during the Vienna conference.

Additional high-quality submissions may be featured on the **CAPG section of the ISSMGE website**, extending visibility of CA contributions.
